

TENTS/STRUCTURES

Product Information

Value Vinyls provides a wide collection of TENT and STRUCTURE materials that produce durable products for a demanding industry. While offering a collection for sidewalls, tent tops, and even blockout tents, great effort has been put into making sure our products last by using only the highest quality raw materials. In addition to passing the industry's strict Fire-Retardant tests, we also use anti-wicking yarns to eliminate mildew "starbursts", a common eyesore in untreated products.

Products

- Festival Tent Side Wall Anti-Wick 12
- Festival Tent Top 13
- Festival Blockout 16
- StructureTec Blockout 22
