

TRANSPORTATION TARPS

Product Information

Value Vinyls provides an extensive line of TRANSPORTATION TARP products that have been widely accepted for over two decades. In addition to supplying a wide range of weights, widths, and colors, we also provide products for truck curtain applications requiring lacquered finishes. We continue to use only high quality raw materials to achieve some of the best results for tear, abrasion, and coating adhesion. In addition to high quality UV and anti-mildew treatments, our products remain flexible in cold weather conditions and are designed for the long haul.
